Practice begins as soon as coaches are chosen and team rosters are established. In order to reduce conflicts with other sports, we propose that practices be held Tuesday afternoon and on Sunday afternoons. (Also, possibly Wednesday afternoon after school and before church services if coaches and parents are in agreement).

FINANCIAL ASSISTANCE

A limited number of financial assistance grants will be awarded. You must complete the grant request form.

If you want pay in installments, please use the financial assistance sheet.

Kiwanis International is dedicated to serving the children of the world. While we expect the fairness of all participants to pay the registration fee, we recognize that some families struggle with finances. No child will be turned away for inability to pay.

Teams will be formed after player draft is conducted.
