Good Afternoon and Welcome to Kiwanis

Notes for the Club

It's Friday! It's May.

This is the jumping off place for the summer. It's the time of year that always comes with much activity. Many of you have kids and grands who're going to proms, preparing for their graduation, playing ball and making arrangements for the coming summer activities. As graduation approaches, celebrate the accomplishments of these kids and encourage them to set and reach for their goals in life. I know that we've all been blessed to have them in our lives.

I pray for all to have a safe and yet memorable graduation night. I'm reminded that this is my 40th year since my graduation. Yes, I'm that young! until next week.....

The next Club Satellite meeting is Thursday, May, 9th 6:00pm at First United Methodist Church on Main St.

"In respect of our Guests and Speaker, please be certain that your cell phone is turned off."

TODAY'S SONG

Hey, Look Us Over

Hey, look us over,
Lend us an ear,
We of Kiwanis hail from far and near.
We're here with a purpose,
Members with a goal,
Whenever we're given a job to do
We sure pour on the coal!
And while we sing here together,
Good members all,
We of Kiwanis,
Answering the call.
We remember our motto
"we're Builders all,"
So kindly give us room!
Hail Kiwanis! Here we come!

Kiwanis clubs enrich their communities with six million hours of service each year. Think about what could happen if we shared our stories—and inspired others.

Random Thoughts

1. Never, under any circumstances, take a sleeping pill and a laxative on the same night.
2. If you had to identify, in one word, the reason why the human race has not achieved, and never will achieve, its full potential, that word would be "meetings."
3. There is a very fine line between "hobby" and "mental illness."
4. People who want to share their religious views with you almost never want you to share yours with them.
5. You should not confuse your career with your life.
6. Nobody cares if you can't dance well. Just get up and dance.
7. Never lick a steak knife.
8. The most destructive force in the universe is gossip.
9. You will never find anybody who can give you a clear and compelling reason why we observe daylight savings time.
10. You should never say anything to a woman that even remotely suggests that you think she's pregnant unless you can see an actual baby emerging from her at that moment.
11. There comes a time when you should stop expecting other people to make a big deal about your birthday. That time is age eleven.
12. The one thing that unites all human beings, regardless of age, gender, religion, economic status or ethnic background, is that, deep down inside, we ALL believe that we are above average drivers.
13. A person, who is nice to you, but rude to a waiter, is not a nice person. (This is very important. Pay attention. It never fails.)
14. Your friends love you anyway.
15. Never be afraid to try something new. Remember that a lone amateur built the Ark. A large group of professionals built the Titanic.
