Good Afternoon and Welcome to Kiwanis

Tom's Talk

I walked down Main Street last night and was in awe of what it means to live in a community like ours... feeling safe, greeting strangers and friends with Merry Christmas and other how do you do's . We are so blessed to live in a place like this where you feel warm, safe, and dry. This just isn't by chance that things are like this.

Our community is what it is because years ago area leaders worked to make it that way. I know, because I've lived here most of my life. People, members of our Kiwanis club... folks like Gary Baker who championed our Every Child a Swimmer Program... Renee Martin, who has chaired our Christmas Parade for the last few years, Forrest Priest who built our Student Leadership Programs to prominence in the Missouri Arkansas district. Ted Hall who has led Christmas Brings Hope (by the way, by your efforts we provided Christmas food boxes for about 23 families this year) and countless other Kiwanians who both within and outside our club's activities have made our community what it is today.

I walked by Mr. Nels Barnett's

home... he and his son Jim were members of the club when I was a much younger man... they were examples of what good citizens and community leaders should be.

As we approach Christmas, the celebration of the birth of our Savior Jesus Christ, I'm thankful for many things... family, friends and also that I am associated with a group of folks that work hard to keep our little piece of the world a great place to live.

So, once again, it is Friday, WELCOME TO KIWANIS!
